110 There were two activities that took place in the 2020 financial year that were not paid for by its participants during that financial year. This has since been resolved.

1610 Reservation Kick-In

115 The reservation Kick-In account contains the amount that has been spent on the Kick-In for the summer of 2022 before the end of the financial year. As these costs will be compensated for by the EEMCS faculty subsidy to be received in the financial year 2022, these costs are reserved to be compensated for in the financial year 2022.

2100 Inventory

135 This account is used to keep track of money we pay or receive surrounding some assets Proto owns and rents out. This currently includes the beer benches acquired in 2019, and our speaker set. In the financial year 2021, the beer benches were rented out enough to completely compensate for the expenses made for these items.

1700 Inventory Depreciation

140 This account is used to allow for the paying off of bigger purchases across multiple years. As of this year, all purchases made in previous years (such as the new proto beer cups) have been fully paid off. The BBQ dusting away in storage has been sold.

1310 SBZ loan

Proto has loaned SBZ, the foundation that helps us facilitate drinks, money when we joined the foundation, to give SBZ more liquidity. If Proto leaves the foundation again, we will be paid back.

145

2400 Deposits Blue Keys

Deposits have been made for every blue key we have as an association, €30,- per key. We will get this money back if we hand these blue keys in again. Six of these keys are in possession of the board members, one of them is used as an extra key for protopeners, one of them is used by the TIPCie. The ninth key has been handed in.

150

2.2 Liabilities

2000 Owner's Equity

The capital Proto has after all liabilities have been paid. This financial year the result of the previous financial year has been moved to owner's equity. The result of this financial year will be added to this account after it has been calculated and the financial report has been approved.

155

2210 Expenses – to be paid

The amount of money we still expect to pay to different parties, based on invoices and statements of expenses we received that the association did not pay out before 31-07-2022.

160

1400 TIPCie account

This account is used to keep track of all expenses we make and income we receive surrounding all the drinks the TIPCie organizes.

1542 Alfred's workshop

Because any money spent on materials that students buy for use at Alfred's workshop is received by Proto, we keep this money in a separate account, for which we should receive an invoice at the end of the year.

165

1601 Reservation Miscellaneous

170 This account holds reservations for expenses foreseen by previous Treasurers that would happen after the end of their year, due to invoices that haven't been received yet. 1630 Reservation Lustrum

Every year a Lustrum does not take place, money is reserved to be spent during the next Lustrum.

1640 Reservation Board Weekend

180 Depending on when the Board Weekend takes place, the budget for that year is either reserved to spend during the start of the next board year, or leftover costs to be compensated for by participants are reserved for.

1707 Reservation Audit

185 Because the last Audit meeting takes place at the start of the next financial year, each year the leftover budget of the Audit is reserved to be used during this meeting.

1708 Reservation pLAN

Over the past few years the pLAN has built up a reservation to spend on replacing any hardware or saving up for more expensive games.

1780 Reservation TIPCie and SBZ

190 Due to COVID-19, money was reserved at the end of financial year 2019 to be spent on any remaining costs related to the drinks proto organizes through SBZ (Stichting Borrelbeheer Zilverling). These costs were lower than expected, and thus this reservation was abolished this year.

1790 Reservation Active Member Activity

This reservation was made because a statement of expenses for booking tickets for the Efteling was both handed in and paid back after the end of the '20 financial year. The money in this reservation has compensated for that during the '21 financial year.

1800 Reservation Hardware

200 A couple of different reservations are being built up, so we'll be able to purchase new hardware for our Protopolis. An overview of what is being reserved for can be found in the table below. These reservations are still to be topped up according to the budget plan.
