## 5. Previous minutes

### GMM 38: Change of Boards from 9.0 to 10.0 (for Approval)

1. General remarks
  - a. Hannah Ottenschot noticed that there are some sentences that mention someone will pick up a certain issue, but no action point is given.

30

i. **AP Jesse Visser (39.01)** Where necessary add missing action points in the minutes of GMM 38.

b. Hannah Ottenschot also commented on a Google Docs version of the document.

i. These comments will be considered when revising the minutes.

c. Maartje noticed that there are a couple of Dutch sentences without translations.

35

i. **AP Jesse Visser (39.02)** Add translations to Dutch sentences in the minutes of GMM 38.

d. Maxim de Leeuw notes that the sentence “continues to ask” is confusing as it is currently used to signify that a person continues to ask about a new topic but might be interpreted as the person asking another question about the same topic.

40

i. **AP Jesse Visser (39.03)** Change phrasing where “continues to ask” is used in the minutes of GMM 38.

e. Maxim de Leeuw notes that one of the editor’s notes mentions the cancelation of the integration week due to COVID-19 and he wonders if the costs made due to the cancelation will still be covered by sponsorship or if it must otherwise be compensated.

45

i. Jonathan Materazzi explains that the event will still be held later on by the ACE, so the expenses made will be covered by the participation fee of the event.

f. Phillipe Tuinman is very happy with the clickable links in the document.

## 2. Page 4

a. Maartje Huveneers asks what ITO stands for at line 13.

i. This is the IT network department of LISA.

50

ii. **AP Jesse Visser (39.04)** Add a description to the abbreviation ITO on line 133 of the minutes of GMM 39.

## 3. Page 27

a. Phillipe Tuinman noticed that the opening hours of the Protopolis are not being updated as was mentioned on line 939.

55

i. These will be updated again after the GMM.

## 4. Page 31

a. Hannah Ottenschot noticed that on line 1087 it says that “this is not what the DisCo was meant to organise”, which she finds is too harsh of a statement.

60

i. **AP Jesse Visser (39.05)** Change line 1087 of the minutes of GMM 38 to be less harsh on the DisCo.

## 5. Page 38

a. Hannah Ottenschot noticed that the quick maths done by Frank Lammers about the gala ticket costs is not very accurate and confusing.

65

i. **AP Jesse Visser (39.06)** Add a note that the math done by Frank Lammers, on page 38 of the minutes of GMM 38, is not very accurate.

6. *Voting: Approval of Minutes of GMM 38 on 2020-11-05*
- a. Vote passes unanimously
7. **AP Jesse Visser (39.07)** Correct the Minutes of GMM 38 and upload them to the DokuWiki.  
(Aps 39.01 – 39.06)

## 6. Documents received

### Foundation ICE letter to the GMA

1. Hannah Ottenschot noticed that there is some faulty maths in the letter to the GMM. €34,400 and €6,000 do not sum to a total liquidity of €35,400.
2. Phillippe Tuinman explains with the maths bellow why the loan should stay at €15,000, instead of lowering it to €10,000.
  - a. *“Luiqidity: €34,400 + €6,000 = €40,400*  
*Expenses to be made: €46,670*  
*Loan: €46,670 – €40,400 = €6,270*  
*Rounded off to €10,000*  
*HOWEVER: SRC subsidy is received after the trip is completed: €6,120*  
*So, we would like to keep the loan at €15,000”*
  - b. Hannah Ottenschot wonders what the effect is of keeping the loan at €15,000
    - i. Phillippe Tuinman explains that it is uncertain when all income will be received, so keeping the loan of €15,000 will make sure the foundation will not have to go into the red to cover costs.
    - ii. He also adds that the loan does not have interest, so loaning more money does not have any drawbacks in this case.
3. Imke: *“If there are no more comments, we will skedadelido to the next document.”*

### ICE 3.0 Budget Plan (For Approval)

1. Maxim de Leeuw comments that Phillippe Tuinman has done a great job on the budget plan.
2. Hannah Ottenschot would like to know what the unforeseen costs are based on.
  - a. Phillippe Tuinman replies that the calculation is not in the summary regarding the loan but can be found in the complete budget plan.
  - b. Hannah Ottenschot would like the complete budget plan to be included in the GMM documents for better transparency.
    - i. **AP Imke Verschuren (39.08)** Add the complete budget plan of ICE to the DokuWiki page of GMM 39.
3. There is some confusion on if the amount of the loan is also included in the vote on the document, as the amount of the loan is never mentioned in the Budget Plan but only in the letter to the GMM.

- a. The GMM agrees that the following vote, approving of the document, also approves the amount of the loan.

4. *Voting: Approval of ICE 3.0 Budget Plan on 2020-11-05*

- a. Vote passes unanimously

## 7. Budget Plan 2020-2021 (For Approval)

### 1. General remarks

- a. Maxim de Leeuw comments that the budget plan looks great and wishes Jonathan Matarazzi much luck during the coming year.
- b. Peter van der Burgt noticed that the PDF file uploaded on the DokuWiki has some weird artifacts.
  - i. Jonathan Matarazzi replies that he also noticed this and will upload a better export later.
  - ii. **AP Jonathan Matarazzi (39.09)** Make a better PDF export of the budget plan.
- c. Mick Tjiedeman appreciates the line and page numbering but would also like to see table numbering in future documents.
  - i. Jonathan Matarazzi replies that he will make sure to include table numbers in future documents.

### 2. Page 4

- a. Mick Tjiedeman was confused by the incoming statement overview and thought that there were 3500 membership fees.
  - i. But 3500 is of course the account number and not the number of membership fees.
- b. Maxim de Leeuw noticed that the total of membership fees does not correspond with the number of affiliated and unaffiliated ordinary members mentioned in the description of 3500 – Membership Fees.
  - i. Jonathan Matarazzi replies that the total of fees is correct, but that he simply forgot to update the number of members mentioned in the description.
    - 1. **AP Jonathan Matarazzi (39.10)** Update the number of members mentioned in the description of 3500 – Membership Fees

### 3. Page 6

- a. Maartje Huveneers wonders why the amount of 3610 – Food Helpers is not lowered.
  - i. Jonathan Matarazzi explains that, in case there can be physical activities, corona coordinators will need to be present, who the board also plans on giving free food for activities during dinner time.
- b. Peter van der Burgt wonders why 3150 – Board clothing is increased to €150 per board member, though there was a lot of comments on it during the previous GMM.

140 i. Jesse Visser explains that during the last GMM there was only one person against the budget increase. The rest of the GMM was in favour or neutral, as long as the choice was explained better. The new budget plan 2020-2021 now better explains the choice to increase the board clothing budget.

c. Peter van der Burgt wonder why the budget of printing is not increased, so the board can buy a new printer.

145 i. Jonathan Matarazzi replies that he would prefer to first contact the supplier of the current printer if the missing part can still be delivered. Otherwise, he would prefer to use the hardware reservation instead of the printing budget to buy a new printer.

1. **AP Jonathan Matarazzi (39.11)** Contact the manufacturer of Proto's printer for the missing parts.

150 4. Page 11

a. Peter van der Burgt wonders why the 4040 – Kick-In Committee now contains the costs that are known after the fact instead of the original prognose of the cost as usual. Just like in 4020 – Camp committee.

155 i. Jonathan Matarazzi replies that this is because when he originally started writing the budget plan it was already clear that the Kick-In would be cheaper and that unlike the Kick-In there were still plans to move the camp to a later date.

1. Phillipe Tuinman would like to see this reasoning included in the description of 4040 – Kick-In committee.

160 a. Jonathan Matarazzi replies that the reason why the Kick-In was expected to be cheaper this year is already mentioned in the description.

2. Maxim de Leeuw advises Jonathan Matarazzi to make sure that the next treasurer budgets the right amount for the Kick-In.

165 *At 13:30 Phillipe Tuinman left the GMM, decreasing the total number of votes to 9.*

b. Peter van der Burgt wonders why the amount in 4240 – ProtoTrip stayed the same while the description mentions that the ProtoTrip will be cancelled.

170 i. Jonathan Matarazzi replies that the cancelation of the ProtoTrip was only decided after the changing GMM and that he believed it would be better to make this change in the semi-annual financial report.

c. Maxim de Leeuw wonders if the FishCie has created a budget plan on how they will be using the increased budget.

- 175
- i. Sebastiaan van Loon replies that the FishCie has not made a clear budget plan yet, but because the committee now has some more experience members that know what they are doing they have a lot of plans on how to improve the aquarium.

5. Page 18

- a. Maartje Huveneers wonders why there is a budget for domain names unexpected.

- i. Jonathan Matarazzi replies that it sometimes happens that the committee has to buy a new domain name, which was not budgeted for at the start of the year.
- 180

6. *Voting: Approval of Budget Plan 2020-2021 on 2020-11-05*

- a. Vote passes unanimously

7. **AP Jonathan Matarazzi (39.12)** Correct the Budget Plan 2020-2021 and upload it to the DokuWiki (**Aps 39.09 & 39.10**)

185 **8. Any other business**

1. There is no other business.

**9. Survey**

1. Imke Verschuren does not remember what the survey is used for.

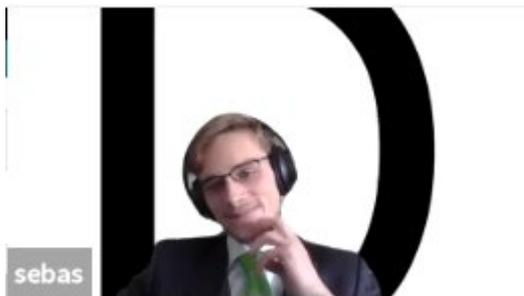

- a. Hannah Ottenschot wonders if we can still find a new chair.

2. Because sadly Frank Lammers is not present at the GMM “Franks Thing” will instead be done by Maxim de Leeuw.
- 190

- a. With the magic of Zoom Maxim de Leeuw made a pencil disappear.

1. Sebastiaan van Loon wonders if Maartje Huveneers likes his Zoom background.

- a. Maartje Huveneers would like to know if the GMM could find a new board.
- 195

2. Mick Tijdeman asks Maxim de Leeuw how he just pronounced the abbreviation of the Have You Tried Turning It Off And On Again committee, because it sounded like he was missing some letters.

200

a. Maxim replies HYTTIOc: Have You Tried Turning It Off committee.

3. Maxim de Leeuw wonders if Imke Verschuren has a question

a. She does not
