 - 1. Peter van der Burgt
 - a. mentions that the minutes of GMM 33 and 34 were written quite casual, in contrast to previous years.
 - i. However, most of the GMM said they liked it.
 - b. mentions there are some remarks in the minutes of GMM 33 about certain people that some could see as offensive.
 - Hannah Ottenschot answers that she will not change the style of the GMM or the remarks, unless the people in question specifically tell her they have a problem with it.
 - ii. Page 13
 - 1. Peter van der Burgt asks if Have You Tried Turning It Off And On Again has already looked into the software of the NFC scanner.
 - a. Sanne Bouman answers that, as far as she knows, it had already been looked into before GMM 33, and that there are no other updates.
 - b. Jonathan Matarazzi answers that the scanner software has been updated, which did not change a lot. Since the scanner works at least most of the time, there are no further plans to look into it.

- 1. Peter van der Burgt asks why the times of arrival have been changed to the starting time of the GMM instead of the actual time, when people arrived before the starting time.
 - i. Hannah Ottenschot answered that the specific time before the start of the GMM does not matter, since there should be no significant discussion going on at that time. However, she will look into different possibilities of writing down the arrival times.
 - 1. **AP Hannah Ottenschot:** Look into different possibilities of writing down the arrival times at GMMs in the future.

1. Peter van der Burgt mentions it is nice that it is specifically mentioned that Maxim de Leeuw was *honourably* discharged.

- 1. Frank Lammers is happy that Peter van der Burgt did Frank's "thing".
 - a. However, Peter van der Burgt asks if it could be mentioned that the cups he used were transparent. Hannah Ottenschot accepted this.
 - i. **AP Hannah Ottenschot:** Add to the minutes of GMM 34 that transparent cups were used during the "thing".
- iv. Daniela van Meggelen asks for an update on the previous action points, which are mentioned in the minutes of GMM 34.
 - Frank Lammers answers he has a list with all action points, including which have been already done and which haven't. The following action points have been done: 33.04 33.07, 33.10, 33.18, 33.19, 33.21, 33.22, 33.24, 34.01 34.04, 34.06. This will be updated in the recap of the action points at the end of this document.
- v. Voting: approval of Minutes of GMM 34 with the changes mentioned.
 - 1. Vote passes unanimously.

5. Addition to Honorary Members

- a. [See document here]
- b. This proposal was presented at this time, as Jonathan Juursema has shown this year he is also willing to help out and is committed to Proto even after he graduated and moved.
- c. Daniela van Meggelen asks if the document has been written by all of the board, or by one person.
 - i. Maartje Huveneers answers that she wrote the document, with input from some other board members.
- d. Jeroen Ritmeester, Daniela van Meggelen, Peter van der Burgt, Maxim de Leeuw, Coen Hazekamp, Frank Lammers, Mick Tijdeman, Sanne Bouman, Maartje Huveneers and Manouk Hillebrand participated in this discussion.
 - i. It is mentioned that some associations have both honorary members and members of merit. Since we're on the topic of adding a new honorary member, now is the time to ask whether Proto also wants to implement something similar, and what the definitions of

either would be. One reason to add the title of member of merit, is so the title of honorary member would hold more value.

- 1. Frank Lammers suggests the following definitions:
 - a. Member of merit: Someone who has done a lot for the association and is held in high regard.
 - b. Honorary member: Is also a member of merit, but has done significantly more to earn another title, like changing or adding to the structure of the association as a whole.
 - i. It is mentioned that changing or adding to the structure of the association is something that will probably only be done in the first years of an association, so this would mean that no new honorary members would be added in the future.
- 2. Daniela van Meggelen suggests another set of definitions, based on information that was found on the website of Alembic:
 - a. Member of merit: Someone who has done a lot for the structure or contents of the association and its members.
 - b. Honorary member: Someone who has done stuff for the study association from an educational position, and/or has kept (close) contact with the association after graduating.
 - It is mentioned that this would create a distinction between members who are in an educational position and members who are not, which some believe to not be fair.
- 3. It is asked what would be done with the current honorary members, if the title of member of merit were to be added and definition of honorary member to be changed.
 - a. The GMM agrees that you can't just change the title of honorary members to something different, even if something like the title of member of merit would be added to the association.
- 4. → Conclusion: Some participants of the GMM believe that creating a distinction between honorary members and another title like member of merit would make sure the title of honorary member holds more value. However, not everyone agrees, as deciding who would get what title would be subjective and create an unnecessary hierarchy. Next to that, adding another possible title could cause a lot more GMMs to take place.
 - a. Since no clear answer came out of the discussion, a vote was held. Voting 'yes' meant that you are in favour of making Jonathan Juursema honorary member, voting 'blank' meant you are in favour of looking into the possibility of adding a title like member of merit first and voting 'no' meant you are not in favour of giving Jonathan Juursema a title in any way.
 - b. The results of the voting were as follows:

- a. Daniela van Meggelen, Frank Lammers and Maxim de Leeuw offer themselves to write a piece on what a honorary member is, and possibly on the addition of the title of member of merit.
 - i. Peter van der Burgt asks whether this document will be there during the next GMM
 - 1. Maartje Huveneers answers that this will be the case.
 - a. AP Daniela van Meggelen, Frank Lammers and Maxim de Leeuw: Write a piece on the definition of an honorary member and possibly on the addition of members of merit to Proto.

7. Closing

a. The 35th general member meeting (GMM) is closed at 13:33 on the 3rd of December, 2019.
